## Personnel

PENNHYDRO-PELL OIL & GAS LIMITED has a good quality workforce. Placing high value and recognizes the contribution made by our employees. Our emphasis is placed on training, retraining and development.

In this way, we ensure that our workforce is highly skilled and capable of delivering world class performance. From the Chief Operating Officer to any member of PENNHYDRO-PELL OIL & GAS LIMITED, our business culture, "quality and customers' satisfaction" are enshrined in all our activities

## Shared values

Building partnership through trust and expertise Projects in the oil and gas industry are intrinsically complex – in terms of engineering, economics, health, safety and environment. In addition to technical and business expertise, trust and dedication become all-important pillars of success. Co-operating with our employees, end-users and OEMs alike, PENNHYDRO-PELL OIL & GAS LIMITED shall build on pro-active partnerships based on mutual understanding and awareness of the special needs of the oil and gas business, its scales and risks, its speed and direction. Whatever the primary motivation for seeking large-scale integrated solutions from a single supplier – whether the reduction of complexity, interfaces and costs, or tight start-up schedules the Peacot oil and gas portfolio reflects a set of shared values ensuring maximum return.

# CORPORATE

In response to economic developments since its inception the Board of Directors of PENNHYDRO-PELL OIL & GAS LIMITED adopted a number of objectives and strategies to position the company firmly in the Oil and Gas Service Industry.

These Objectives and strategies are:

- To provide a first class service for governmental, Oil and Gas Industry in the Civil and Construction Works, Dredging and Supplies of Petroleum Products such as AGO, PMS, LPG through the Marine.
- The services are carefully tailored to meet the needs of our clients using highly professional, competent and motivated staff supported with advanced technology and guided by the highest standards of professional ethics.
- Growth of the company is anchored on the Nigeria market with a strong focus on Africa continent. The company concentrates by and large on a relatively, limited number of first class or other high potential clients, each with a large transaction volume capacity.
- Places premium value on its human resources and invest heavily in quality personnel through focused career development, recruitment and intensive training programs.
- Its business is built around a trim and tightly run, effective and efficient organization, supported with appropriate and modern systems, policies and procedures.
- Ultimate benefit to our clients, our shareholders, and our community.

## **HEALTH SAFETY & ENVIRONMENT policy**

At PENNHYDRO-PELL OIL & GAS LIMITED, Health, Safety and Environmental (HSE) responsibilities are integral to the way we do business. Successfully managing HSE issues is an essential component of our business strategy. Through observance and encouragement of this policy, we assist in protecting the environment and the overall well-being of all of our stakeholders, specifically, our employees, clients, shareholders, subcontractors, and communities.

In order to achieve these objectives, we will identify HSE risks arising from our activities and reduce them to the lowest practical levels. Our goal is to minimize impact to the environment and to prevent harm to our employees, our clients, our communities, and all others who could be affected by those activities.

PENNHYDRO-PELL management will continue to take a proactive approach toward creating safe work environments for all employees and will be accountable for promoting continued safety education and training for all employees, assigning responsibility for all aspects of the program, continuously reviewing the program to identify potential areas of improvement, and ensuring a thorough evaluation of all incidents.

We will continue to address the environmental and health impact of our operations by reducing waste, emissions, and discharges and by using energy efficiently. We strive to be good citizens in every community in which we operate. We will maintain awareness of HSE matters, so as to be proactive in providing a value-added service to our clients. This awareness is achieved through education, communication, and definition of the goals and standards appropriate to our operations and those undertaken on behalf of our clients. To emphasize our continuing commitment to HSE issues, we will adhere to PENNHYDRO-PELL's HSE Principles. These Principles are the cornerstone of PENNHYDRO-PELL's HSE culture and address issues such as accountability, training, communication, resources, engineering design, performance measurement, and sustainable development. We seek continual improvement in the performance of all of our activities.

## **INTRODUCING PENNHYDRO-PELL HSE MANAGEMENT SYSTEM**

PENNHYDRO-PELL OIL & GAS LIMITED is committed to the highest standard of responsibility in every activity it undertakes to protect the environment, public health and employee safety and to comply fully with all applicable laws and regulations.

Our commitment to protecting the environment and the health and safety of our employees and the communities & Clients we serve represents a critical part of the core values that guide our Organization. As part of that commitment, all PENNHYDRO-PELL OIL & GAS LIMITED employees actively support these values and strive to achieve continual and measurable improvement of all our processes and services.
